 Incredible Predators 20 min
 Natural History Museum Alive 40 min

7pm, Del Oro Theatre, Grass Valley

STOP CENTENNIAL DAM!

If built, the 275-foot dam would flood the last six miles of publicly-accessible, free-flowing river on the Bear. It would destroy fish and wildlife habitat, beloved fishing holes and hiking trails, and Native American cultural sites.

Join SYRCL and our allies in opposing this irresponsible project at every turn. Help us tell state and local officials that Centennial Dam is a financial boondoggle that would sacrifice too much for our community and the Bear and Yuba Rivers.
